RE: Notice of Public Meeting for Enniskillen BESS

To whom it may concern,

In response to Ontario's Independent Electricity System Operator ("IESO") Long-Term 1 Capacity Procurement, Enniskillen BESS Limited Partnership is proposing to develop Enniskillen BESS, a lithium-ion Battery Energy Storage System (BESS) located at 4703 Churchill Line, Wyoming, ON, N0N 1T0, with a potential capacity of up to 350 Mega-Watt (MW), providing much needed electricity system reliability to Ontario.

Enniskillen BESS Limited Partnership was created by Compass Renewable Energy Consulting Inc. for the purpose of developing this project and is supported by Wahgoshig Solar FIT5 LP, a Qualified Applicant for the IESO's Long-Term procurements. More details on the IESO's Long-Term procurements are available online at: <https://www.ieso.ca/en/Sector-Participants/Resource-Acquisition-and-Contracts/Long-Term-RFP-and-Expedited-Process>

It is important to us that the Enniskillen BESS Project be successfully integrated and benefit the local community of the Township of Enniskillen. To accomplish this, we are seeking your feedback and engaging local Landowners, Municipalities, and Indigenous communities and would like to invite you to a Public Community Meeting to discuss the proposed Project and how it would benefit your community and help fulfill Ontario's future power needs:

Public Community Meeting for Enniskillen BESS

Date: October 11, 2023

Time: 6:00 to 8:00 PM

Venue: Plympton-Wyoming Agricultural Society Hall,
595 Main St, Wyoming, ON

Registration Link: www.enniskillenenergystorage.com/Oct11

As venue capacity is restricted, we recommend attendees register to reserve a seat.

The Project Open House will be held from 1:00 to 6:00 PM, where the project team members will be available to interact with attendees to introduce the Project and answer questions about any concerns. The project team members will then begin the Public Community Meeting at 6:00 PM to introduce the Project and our Companies in the first hour, and provide an opportunity for the attendees to ask questions and provide feedback on the proposed project for the next forty-five (45) minutes. The presenting team will be available afterwards to address any open questions and feedback till the meeting closes at 8:00PM.

For greater public access, a Project Website has also been created at www.enniskillenenergystorage.com. You can find this Notice, along with the Project's Community and Indigenous Engagement Plan, FAQ, and all other updates on the proposed Project posted on the Project Website. Meeting minutes from the public community meeting will also be available on the Project Website following the meeting.

If you are unable to attend the meeting, you may reach out to us at info@enniskillenenergystorage.com to provide feedback and ask questions regarding the proposed Project.

We look forward to hosting you at our inaugural Public Community Meeting.

Sincerely,

Enniskillen BESS Limited Partnership
